## A TOKEN FOR THE FUTURE

With our NFT (Non-Fungible Token) we want to break new ground in e-commerce. The Händlerbund E-Commerce NFT is the ticket to a unique community. We design the roadmap together: The more Ethereum (Eth) is implemented, the more we will achieve.

### Roadmap by trading volume

## THE NFT VARIANTS

The e-commerce NFT collection is limited to 5,000 tokens. All tokens have the same price and value on initial sale.

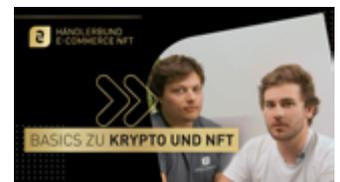

TOKEN I - PRE-SALE	TOKEN II - GROWTH	TOKEN III - NETWORK	TOKEN IV - TRADING	TOKEN V - INNOVATION
The pre-sale token makes you an early believer.. You've been a supporter and a pioneer of the community since day one.	Is your business taking off like a rocket? Our token for growth, increasing sales and maximum success.	Our community token. Are you open-minded and part of every event? You know everyone and everyone knows you.	E-commerce and online trading are your core business? Then this token is made for you.	Creative ideas, effective synergies and the development of personality and business are your elixir of life?
